URBAN OPS BOX

SPECIAL OPERATIONS EQUIPMENT – TACTICAL TRAINING

Urban Training. Anytime. Anywhere.

The Urban Ops Box is the ultimate training tool. With a stowable viewing platform, breaching capabilities and an urban walling system, this deployable training aid can be deployed anywhere around the world by land, sea or air. The Trango walling system is robust, lightweight and weatherproof and is easily reconfigured to allow varied scenarios. Perfect for urban training, the Urban Ops Box easily adapts to your urban training needs, anytime, anywhere.

This modular solution is engineered for tactical training, for users seeking flexibility and efficiency in their training regimes.
